

The Tribes of Burning Man: How an Experimental City in the Desert is Shaping the New American Counterculture

By Steven Jones

Consortium of Collective Consciousness, U.S. Paperback. Book Condition: new. BRAND NEW, The Tribes of Burning Man: How an Experimental City in the Desert is Shaping the New American Counterculture, Steven Jones, From its anarchic early days to its present dreams of world domination, this is the untold story of Burning Man - the most popular, unique, and enduring counter-cultural event of recent times in which alternative lifestyle enthusiasts erect a giant statue and construct a temporary city to live in for about a week in the Nevada desert. Hundreds of thousands of people from all over the world have made the dusty pilgrimage to Black Rock City to take part in this experiment in participatory art, gift culture, and bacchanalian celebration - and many say their lives were fundamentally changed by the experience. This current look at the expansion of the lifestyle reveals how in recent years Burning Man has taken on a new character, with the frontier becoming a real city and the many tribes of the event - the fire artists, circus freaks, music lovers, do-gooders, grungy builders, and myriad other burner collectives - developing a perennial presence in sister cities all over the world.
