HUNT, Thomas Sterry, an American chemist and geologist; born at Norwich, Connecticut, Sept. 5, 1826. He studied chemistry under Professor Benjamin Silliman at Yale College. In 1847 he entered upon the duties of geologist and mineralogist in the geological survey of Canada, under Sir William Logan. While holding this position he was for some years professor of chemistry in McGill College, Montreal. In 1872 he became professor of geology in the Massachusetts Institute of Technology. He served on the international jury of the world s fairs of 1855 and 1867 in Paris; was made fellow of the Royal Society (1859), and received the cross of the Legion of Honor (1867). Professor Hunt published many important papers on...

Reviews

This publication can be really worth a go through, and a lot better than other. It is actually writter in straightforward words and phrases instead of confusing. I discovered this pdf from my dad and i suggested this publication to learn.

-- **Jackeline Rippin**

A high quality book and also the font employed was intriguing to read. I was able to comprehended every thing out of this created e book. You wont really feel monotony at whenever you want of the time (that's what catalogues are for concerning should you check with me).
