Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Biznanigans is a humorous collection of short stories and articles with broad lessons in business woven in as a bonus. Readers from entry level to the boardroom will smile while they are being reminded of staple lessons in business which are delivered throughout the book. Because this book is broken up into short reads, it is ideal for commuters, business gifting, and coffee table reading for corporate offices, break rooms, and lounges. You will laugh as you go through life experiences with the author Tom OMalley that you will find ludicrous but somehow familiar. You will enjoy a range of stories from being robbed by criminal flamingos to Tom being convinced his spouse is an alien. Tom manages to weave in business lessons into most of the stories and keep them humorous and easy to read. Also dont miss the holiday section to read about Santa declaring bankruptcy or having all of the elves cut to part-time. Biznanigans is not a how to read and does not reveal secrets of how to buy houses with other peoples money. After you finish the almost 50,000 words of text you wont end up a Six Sigma black belt, you will not lose that last stubborn ten pounds, and the chance of your retirement date sliding to a younger age very much is slim. Although after reading Biznanigans you will be amused and will be reminded of best practice in a few key areas.
