The United States has struggled to find a framework to integrate religion into the post-September 11, 2001 (911) discussion of national security. Islam has been the central focus, with both the 911 terrorists and many of Americas partners in overseas contingency operations sharing an Islamic heritage. The struggle to locate that framework has taken the United States down a number of roads since the turn of the millennium, none of which has been totally satisfactory. President George W. Bush viewed freedom as a universal value, with religious freedom as the preeminent characteristic of free, robust societies. Neither has President Barack Obamas Religion as Unity framework solved the problem. President Obama has asserted a universal value regarding religion that all religions are united by a moral law to care for ones fellowman. Current and projected U. S. national security challenges highlight the need to explore Islams historical, theological, and political roots and traditions. Such an exploration suggests that the central issue for Islam is its universalization. One may identify six partially overlapping positions, or schools of thought, within Islam today,...
