

Urban Air Quality Management: Coordinating Transport, Environment and Energy Policies in Developing Countries

By Masami Kojima, Magda Lovei, World Bank

World Bank Publications. Paperback. Book Condition: new. BRAND NEW, Urban Air Quality Management: Coordinating Transport, Environment and Energy Policies in Developing Countries, Masami Kojima, Magda Lovei, World Bank, 'Urban Air Quality Management' examines the contribution of vehicles to urban air pollution which is a growing problem in many cities in developing countries. It evaluates the priorities for air quality management programs, and reviews national, municipal, and World Bank experience with pollution-reduction efforts. This book draws lessons from this assessment and offers recommendations for priorities in developing coordinated assistance strategies in the environment, urban transport, and energy sectors.

Reviews

This book may be really worth a read through, and far better than other. it was actually writtern extremely completely and valuable. I am just very easily will get a satisfaction of looking at a published ebook.
